Subscriptions and hosting management services

To request the activation of one or more domains, it needs you to provide to the DPO Massimo Talia your personal data in according to GDPR / EU 2016/679, a written declaration as below in asterisk and send a copy of your identity card at the address massimo.talia@taliawebs.com. After making the booking by the app and paying for the service of interest. In the booking text, mark the code of interest referring to the email subject, which can be selected automatically from the drop-down menu and the message to present you. Massimo Talia will reply as soon as possible to your email to inform you of the procedures to be carried out and the timing of activation of the hosting service. After the payment you receive the email confirmation and Massimo Talia will send you the digital invoice.

Other services

Other services refer to website development, maintenance and web management services. The installation of the CMS on the previous page is part of the web hosting management (included in the previous prices). After the installation phase of the CMS it is necessary to develop the website, portal, e-commerce, e-learning. In this phase it needs to specify the type of service. After making the booking through the app and paying for the service of interest. In the booking text, mark the code of interest referring to the email subject, which can be selected automatically from the drop-down menu, the message to introduce you. Massimo Talia will reply as soon as possible to your email to communicate the procedures to be carried out and the development phases of your website or web application. After the payment you receive the email confirmation and Massimo Talia will send you the digital invoice.

CODE	EMAIL SUBJECT	SERVICE DESCRIPTION	INCLUDED SERVICE	COST
CMS001LINUX	Other services	Web development on CMS for Linux hosting.	Development, customization, maintenance on request*	100 € per project, included VAT
CMS001WIN	Other services	Web development on CMS and web matrix for windows hosting.	Development, customization, maintenance on request*	100 € per project, included VAT
FRM001LINUX	Other services	Web development framework-based for Linux hosting.	Development, customization, maintenance on request*	100 € per project, included VAT
FRM001WIN	Other services	Web development framework-based for Windows hosting.	Development, customization, maintenance on request*	100 € per project, included VAT

* maintenance is part of an IT project and the website administration as well. When the project has been completed, the ordinary and extraordinary maintenance is part of the administration. The development project maintenances are paid in the project, the next maintenances are included in the host management. The modifications of a part or the whole project, the re-engineering of the website itself (project modification) are paid at the same price of the project.

The prices are discounted in the digital studio and in the calabrian market. In other regions or nations, the calabrian prices are irrelevant and not comparable and they can appear very low. In outsourcing and business trip the price are higher. You need to be paid by a monthly salary, not when the project is completed.
